

ANNEXE 2

Cas général. – 1 ligne. – Avec et sans bavette

Sans Identifiant Territorial

The technical drawing shows a license plate with a total width of 520±2 mm (508 mm minimum) and a height of 130±10 mm (110±2 mm minimum). It features a 52 mm maximum wide 'bavette' (tab) on the left containing the European Union flag and the letter 'F'. The main plate area contains the registration number 'AB-725-FR' and a 'TPPR XXXX' mark at the bottom right. The distance between the two mounting holes is 177±10 mm. The bottom edge has a 25 mm maximum wide tab on the right.

The visual representation shows a black license plate with a white 'bavette' on the left containing the EU flag and the letter 'F'. The main plate area is white with the registration number 'AB-725-FR' in black. A 'TPPR XXXX' mark is visible at the bottom right.

Avec Identifiant Territorial

The technical drawing shows a license plate with a total width of 520±2 mm (508 mm minimum) and a height of 130±10 mm (110±2 mm minimum). It features a 52 mm maximum wide 'bavette' on the left containing the European Union flag and the letter 'F'. The main plate area contains the registration number 'AB-725-FR' and a territorial identifier '99' with a gear symbol. A 'TPPR XXXX' mark is at the bottom right. The distance between the two mounting holes is 177±10 mm. The bottom edge has 25 mm maximum wide tabs on both the left and right sides.

The visual representation shows a black license plate with a white 'bavette' on the left containing the EU flag and the letter 'F'. The main plate area is white with the registration number 'AB-725-FR' in black. To the right of the number is a white box containing the number '99' and a gear symbol. A 'TPPR XXXX' mark is visible at the bottom right.
